List of Web Site Revisions

February 25, 2011

Revision	Description of Revision
1	Revise the left navigational bar so it resembles the previous EPG web site.
2	Links to EPG guidance and agencies were added to the top of the services pages (such as Planning and Material Sources). This feature was also on the previous EPG web site.
3	Material Sources guidance was separated into its own heading on the Guidance and Documents web page,
4	The Site Map page was removed for this revision. It will be completely redone and posted on a later date. It will resemble the site map page on the previous EPG web site.
5	The About EPG web page was removed. A brochure describing EPG can be downloaded from the Guidance and Documents web page.
